

How to bypass the deduction of fees from your gift to Genesis Church when using the PayPal app:

1. Open PayPal app
2. Make sure your Bank Account is linked to your PayPal account.
3. Select "Send"
4. Enter GenesisChurchbookkeeper@gmail.com in the search box (look for magnifying glass symbol)
5. Enter donation amount, then select "Next"
6. On "Review and Send" page
 - Add note to designate where you want your donation applied (choose the + symbol by "add a note")
 - **Select "Paying for goods and services" and in the page that opens select the "Friends and Family" option (This is IMPORTANT! Selecting this option ensures fees will not be deducted from your gift to Genesis Church!)**
7. Select your Bank Account as your method of payment
8. Select "Send Now"

NOTE: Once you have completed one donation following these steps (remember not to bypass selecting "Friends and Family" option in step 5!), future donations can be made by choosing "Genesis Church" from the "Quick Pay" section the next time you open your app, no fees will be deducted from future gifts to Genesis Church.
