

How to bypass the deduction of fees from your gift to Genesis Church when using the PayPal by logging in from your PC:

1. Go to Paypal.com and log in to your account.
2. Make sure your bank account is linked to your PayPal account.
3. Select "Send and Request" from the menu at the top of the page
4. When the Send and Request page opens, enter GenesisChurchbookkeeper@gmail.com in the search box, then select Genesis Church when it appears in the dropdown that appears.
5. Enter your donation amount
6. If the blue box under your donation amount says "Paying for an item or service" click "Change" and then select the "Sending to a Friend" option **(This is IMPORTANT! Selecting this option ensures fees will not be deducted from your gift to Genesis Church!)**
7. Add a note to designate where you would like your gift to be applied (tithe, offering, missions)
8. Select "Continue"
9. Choose your Bank Account as your payment method
10. Select "Send Payment Now"

NOTE: Once you have completed one donation following these steps (remember not to bypass selecting Sending to a Friend in step 5!!), future donations can be made by choosing "Genesis Church" from the "Send Again" section the next time you log in to your PayPal account, no fees will be deducted from future gifts to Genesis Church.
